

SAVE THE BAY

2017 CORPORATE PARTNERSHIP OPPORTUNITIES

Save The Bay provides year-long engagement and investment opportunities through Program Investments, Volunteer Engagement and Special Events.

Invest in Our Programs

Save The Bay delivers high-impact wetland restoration, policy and community engagement programs to achieve a climate-resilient San Francisco Bay. Our work engages more than 60,000 supporters and volunteers to protect the Bay and make it cleaner and healthier for people and wildlife. We are delighted to discuss a custom investment portfolio that will meet your philanthropic goals.

Volunteer Opportunities with Save The Bay

Our award-winning restoration programs allow your employees to give back to the community while protecting the iconic San Francisco Bay. Your team will roll up their sleeves at the edge of the Bay with activities including planting native seedlings, removing invasive weeds, transplanting in our nurseries and cleaning up our Bay.

Participate in Our Special Events

There is no better inspiration for our work than witnessing the Bay up close. In 2017, Save The Bay will host two signature events allowing our supporters to explore and enjoy the Bay's beauty and diversity – **Blue** (April 22nd, 2017) and **Bay Day** (October 7th, 2017).

Blue: On Earth Day, Blue will bring together Save The Bay supporters, business leaders, and cultural influ-

encers invested in protecting our Bay for an inspirational sunset sail on a private yacht. Visit saveSFbay.org/blue for more information.

Bay Day: Celebrate the second annual Bay Day this October – one official day for the entire Bay Area to come together and celebrate the San Francisco Bay. Unique partnerships and activities include outdoor sporting events, family-friendly community gatherings, Bay-themed programming at cultural institutions and incentives with local businesses. Visit BayDay.org for more information.
